

# 5 Steps to Success in Life Settlements

You have many choices when it comes to discovering life settlement opportunities:

1. Advertise through your newsletter or offer a policy audit or review for all of your clients who are 65 years old or older.
2. Pay attention to lapse notices or individuals who policies fall into grace.
3. If your client no longer wants, needs or can't afford the increased premiums then a FREE, NON-BINDING appraisal is a no-brainer!
4. Explain to them they may be able to keep some coverage and sell the rest.
5. Lastly, call Life Insurance Settlements, Inc. if you're not sure if a case qualifies? Dial **866.326.LIFE** and breathe some life back into a lifeless asset!
